Browse our products and documents for Power-Zone 4 Arc Resistant - Low voltage metal-enclosed, drawout switchgear designed to contain the effects of arc flash events inside the gear per ANSI/IEEE ...

Power-Zone 4 arc resistant switchgear with MasterPacT MTZ2, 3 and NW ArcBlok technology offers patented, superior arc flash protection for operators and maintenance personnel.

Manufacture, design, fabrication, and installation of arc-resistant metal clad switchgears for managing high-voltage power in commercial and industrial applications.

Unlike conventional switchgear, arc-resistant switchgear is designed with reinforced compartments that can withstand incredible pressure increases during high-energy arc faults. Arc-resistant switchgear ...

This in-depth guide provides a clear, honest, and practical comparison of the best arc flash suit and kit companies in the USA, focusing on 40 cal arc flash gear, higher protection levels, and real-world ...

Eaton Arc Quenching Switchgear provides enhanced safety, advanced equipment protection and minimized downtime in the event of an arc flash. It reduces incident energy to below 1.2 cal/cm² and ...

Available in a wide range of ANSI ratings and configurations, our switchgear features utility-grade, welded, metal-clad assembly for reliability, safety and long service life. nVent arc-resistant ...

Our arc-resistant switchgear is available in a range of fault current ratings to accommodate various levels of electrical demand and safety requirements. From the more common lower ratings to the ...

We have all your switchgear needs, including custom switchgear design, installation and servicing, as well as arc flash studies and mitigation. Learn more!
