Is a solar inverter a good alternative to power holding company of Zambia?

In a country like Zambia where electricity supply is less than adequate and the weather doesn't help matters too, a solar inverter is more than necessary. It is not just a great alternative to the Power Holding Company of Zambia, it is actually a better and cheaper alternative considering the circumstances. Several factors are added for this.

Does Zambia have a power problem?

For decades, all efforts (sincere or otherwise) that have been channeled towards improving power generation in Zambia have proved abortive. In fact, many believe the situation has worsened over time. Presently, the average Zambian home does not get more than six hours of electricity from the DISCOs on a daily basis.

What is a sunsynk 12Kw 12kva 12000W solar inverter?

Sunsynk 12KW 12KVA 12000W - Three Phase / 2 MPPT / Hybrid Inverter / includes WiFi... 100% unbalanced output, each phase Max. output up to 50% rated power. 48V low voltage battery, transformer isolation design. DC couple and AC couple to retrofit existing solar system. Intelligent FAN - The fan comes on only when charging and on high load.

What are the different types of solar inverters?

There are three main types of solar inverters that you should know about. Stand-alone Inverters - these ones are used in isolation. Here, the inverter gets its power from batteries which are in turn charged by photovoltaic rays.
