Integrate the relevant solar tile with either the normal Marley concrete or slate tiles where you have a part-solar, part-normal tile roof, depending on your power needs.

SolarTyle offers advanced integrated solar tiles that fit seamlessly into standard roof designs. Our tiles deliver clean energy while preserving the architectural integrity of your property, eliminating the bulkiness of ...

Our design ensures that each solar tile is accessible, allowing for easy replacements without disrupting the entire roof. This modular design guarantees the durability and efficiency of your Solar Tiled Roof(TM) system for ...

Install Solar Roof and power your home with a fully integrated solar and energy storage system. The glass solar tiles and steel roofing tiles look great up close and from the street, complementing your home's natural styling.

ICON is a fully integrated concrete solar roof that looks like a premium tile roof, not a bolted-on panel array. Its low-profile design, color options, and clean lines help it fit HOA guidelines and neighborhood design ...

SunStyle® is much more than a solar panel - it utilizes one design of building materials to provide a two-in-one combined roofing and solar solution of which you can rely on and be proud.

This solution is ideal for architects, developers, and municipal projects looking for elegant solar integration that combines high performance with sustainability.

Eflyn Solaris Outdoor Solar Digital Signage is a fully solar-powered, all-weather display with 2500 nits brightness and a responsive PCAP touchscreen. It runs on Windows 11 Pro or Android with WiFi/4G connectivity, ...

Full tile and full label outdoor solar integrated machine

Just as it complements modern architecture, SunStyle honors historic and traditional structures - bringing the future to the past with a fully integrated solar solution.

Our BIPV solar roof tiles are easy to install and built to withstand the weather while using solar energy to generate electricity.
