OverviewInfrastructureRadioTelevisionTelephoneInternetExternal links Telecommunications in Guyana include radio, television, fixed and mobile telephones, and the Internet. Early telecommunications were owned by large foreign firms until the industry was nationalized in the 1970s. Government stifled criticism with a tight control of the media, and the infrastructure lagged behind other countries, Guyana Telephone and Telegraph Company (GT& T) holding a monopoly on most such services. In a 2012 census report on Guyanese households, 55.5% had a radio, 82.7% had a televisio...
