What's new at Hainan free trade port?

VCG China on Thursday launched island-wide special customs operations in south China's Hainan Free Trade Port (FTP), the world's largest FTP by area, allowing freer entry of overseas goods, and expanded zero-tariff coverage and more business-friendly measures.

Will Hainan FTP be a key gateway for China's new era?

“With the independent customs operations, Hainan FTP is poised to become a key gateway for China's new era of opening up and innovation,” Cai added. China's Hainan Free Trade Port (FTP) is set to launch an island-wide independent customs operation on Dec. 18, 2025, underscoring the country's wider push for high-standard opening up.

Should Hainan have a zero-tariff system?

With a zero-tariff system fundamentally in place after the independent customs operation, high-quality global resources can flow into Hainan with greater freedom and efficiency, Wu said. Trade liberalization and facilitation are defining features of a free trade port.

Is the Hainan FTP advancing China's opening-up strategy?

In the latest episode of China Economic Roundtable, an all-media talk show hosted by Xinhua News Agency, senior officials from China's key economic departments shared policy insights on the Hainan FTP and its role in advancing the country's evolving opening-up strategy.
