Establishment and installation of a solar park, solar energy storage, full administration of energy storage, with consulting from planning to implementation!

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services..

A complete mid-node battery energy storage system (BESS) with everything you need included in one container - Our 250 kW/575 kWh battery solutions are used across a wide variety of sectors to ...

KSTAR has launched its full range of Smart PV and Energy Storage System (with CATL battery) solutions to the Hungary market at the Reneo 2023. Solar power in Hungary has been ...

It employs a purely off-grid photovoltaic-storage-charging system, utilizing Elecod 250kW PCS, 300kW PV, and 522kWh battery energy storage. With no grid connection, the system is powered by ...

This is the third order for such batteries in Hungary, all mediated by Engineering company Duna Center Therm Uzemi Szolgaltato. The first, completed and handed over in July, is a ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring reliability, efficiency, ...

The project is located in Budapest, Hungary, and features a system capacity of 250kW/530kWh. The deployment utilizes a fully integrated skid solution, allowing for rapid installation ...
