Why did Qair close a new loan in Mauritius?

For more information, please consult our privacy policy.. Paris, August 7, 2025 - Independent renewable energy company Qair announces the closing of a new loan to support the implementation of a hybrid solar photovoltaic and battery energy storage system (BESS) project in Mauritius.

What does Qair do in Mauritius?

Present in Mauritius since 2008, Qair has been a committed partner to the country's clean energy objectives. The company currently operates a 10 MW wind farm in Plaine des Roches and solar parks with a combined capacity of 25.3 MW.

Why is Qair partnering with SBM Bank (Mauritius)?

This partnership goes far beyond financial support, as it reflects our shared commitment to building a cleaner and more resilient energy future for Mauritius, and we welcome Qair's renewed confidence in the bank," said Rita Gujadhur, Officer-in-Charge of SBM Bank (Mauritius) Ltd.

In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid solar ...

The integrated solar-plus-storage facility will combine photovoltaic generation with battery energy storage systems (BESS) to enhance grid stability and ensure reliable clean power supply. ...

Paris, 19 February 2026 Independent renewable energy company Qair announces the completion of financing for its flagship hybrid Stor Sun project in Mauritius. This investment underscores Qair's ...

Ten additional ground-mounted solar farms of 10 MW each, all equipped with storage facilities, are also in the pipeline, together with three major 40 MW solar projects.

With three major overseas bases, as of the end of 2024, the cumulative delivery and grid connection of energy storage systems have exceeded 4.5 GWh, and the reserve projects have ...

French independent power producer Qair has secured debt financing for its landmark "Stor"Sun" project in

Mauritius three energy storage project

Mauritius, marking the country's largest energy sector investment in more than a ...

French renewable energy producer, Qair, has signed four PPAs with the Central Electricity Board (CEB) of Mauritius for the development of solar PV energy facilities and battery storage systems with a total ...

Qair announces the closing of a new loan to support the implementation of a hybrid solar and battery storage project in Mauritius.

The Stor"Sun project demonstrates how energy storage can revolutionise access to clean and reliable power in Africa.
