We offer flexible OEM and ODM services, working closely with you to develop tailored energy solutions that meet your specific market needs and project requirements.

We offer flexible OEM/ODM options for LiFePO₄ batteries -- contact us to customize a solution that fits your needs.

The cabinet is designed for wide-temperature range operations (-20°C to +60°C), with built-in thermal management, anti-corrosion materials, and high-altitude suitability.

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital expenditures (CAPEX).

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Looking for an ODM BESS energy storage system? Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal management, they're ideal ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality ...

Modular Energy Storage Cabinet Wide Temperature Range ODM

Our 200KWh outdoor cabinet energy storage system works with PowerNet outdoor control inverter cabinets for modular expansion. This means you can meet the needs of large-scale applications ...
