Where to buy solar panel made in China?

As one of the most professional solar panel manufacturers and suppliers in China, we're featured by good service and competitive price. Please rest assured to buy or wholesale high quality solar panel made in China here from our factory. JINGSUN is one of the most professional solar panel manufacturers and suppliers in China.

What are the different types of solar panels?

The market has many types of solar panels to choose from, but the two most common are monocrystalline and polycrystalline. Monocrystalline panels are more efficient, expensive, and have a longer lifespan, while polycrystalline panels are more budget-friendly but less efficient and have a shorter lifespan.

Where is Alex solar energy factory located?

Our factory is located only 50km away from pudong international airport (pvg) and is adjacent to A4 and a30 freeways. Shanghai Alex solar energy science and technology Co., Ltd. Got the certifications of ISO9001: 2000 quality management system and ISO14001 environment management system.

What are the benefits of using solar panels?

The best thing about solar panels is that they are a completely renewable energy source. The sun, which is the energy source for solar panels, is not going away anytime soon, and using solar panels does not emit any greenhouse gases or pollutants that harm the environment.
