Technical Parameters: This section comprehensively lists all technical specifications relevant to the product, including power output, efficiency rating, temperature coefficients, and durability standards.

Electrical Characteristics. Features: 12 Year product warranty and 25 year linear power output warranty. View / Download JA Solar Specs sheet 455-470W.

JASOLAR 455W LB Series, Higher power generation better LCOE n-type with very Lower LID Better Temperature Coefficient Better low irradiance response * 12-year product warranty 30-year linear ...

These types of cells mounted on the panels are equipped with a rear layer that complements the panel by capturing more solar irradiation. Additionally, a sheet causes residual sunlight to bounce off the ...

Remark: Electrical data in this catalog do not refer to a single module and they are not part of the offer. They only serve for comparison among different module types.

JA Solar Technology Co., Ltd. Solar Panel Series JAM78S10 435-455/MR. Detailed profile including pictures, certification details and manufacturer PDF

The JA Solar 455W (JAM54D40) is a high-performance Bifacial module that sets a new standard for energy density and durability. Featuring a Glass-Glass construction and a professional Black Frame, ...

Specifications subject to technical changes and tests. JA Solar reserves the right of final interpretation. **Remark:** Electrical data in this catalog do not refer to a single module and they are not part of the ...
