Our PCB is your solar wire harness manufacturer, with over 15 years of experience building custom harnesses engineered for harsh outdoor conditions and long system lifetimes.

Manufacturing high-quality solar cable assemblies for efficiency, durability, and compliance. Trusted by 1,000+ customers worldwide. Custom & pre-configured solutions for all solar needs.

Custom solar cell inverter power cable wiring harness with RNYB5.5-5 connectors, UL1015 wire, 98% passthrough rate. Ideal for solar, EV, and energy storage systems.

As a manufacturing and solutions-driven company, Leadergroup has supported some of the world's largest and most challenging solar power plants. From consulting and design, construction to ...

Optimize your solar energy system with our high-quality Photovoltaic Inverter Wiring Harness. Designed for maximum efficiency, this wiring harness ensures seamless connection between your photovoltaic ...

We design and manufacture solar wire harnesses for photovoltaic modules, inverters, convergence boxes, and energy storage systems to meet the stringent requirements of current carrying, ...

Our Bran-Nex solutions are designed to optimize solar power distribution by consolidating multiple connections into a single, efficient pathway. This reduces wiring complexity, minimizes installation ...

Custom solar wire harnesses for PV panels, inverters & energy storage. UV-resistant, UL certified assemblies and \$100 off your first order!

Proven experience supplying solar installers, integrators, and manufacturers with custom PV cable solutions. Our solar cable assemblies meet international photovoltaic industry standards for safety ...

The Inverter Harness is a vital electrical component designed to facilitate the smooth and efficient transfer of

Solar inverter wiring harness supplier

power between the inverter and various system components in solar, automotive, and ...
