Are EV charging stations regulated in Dubai?

In Dubai, the sale of electricity from EV charging stations is regulated by a specific tariff set by the Dubai Government and enforced by DEWA⁵. Private developers or stakeholders are not authorised to set their own tariffs for EV charging.

What is Dubai doing about EV charging?

Dubai has introduced a Clean Energy Strategy 2050 and a Green Mobility Strategy 2030 including an EV Green Charger initiative to expand the EV charging network and encourage the use of pure electric and hybrid cars across Dubai.

How will the UAE transition to eMobility?

Public policy is a vital element in the UAE's transition to eMobility. The country has already converted 20% of its federal government agency vehicles to EV powertrains and initially set a target for at least 30% of public sector vehicles and 10% of all vehicles on the road to be electric (EV or hybrid) by 2030.

How many EV charging points will Abu Dhabi have by 2030?

To meet the growing demand for EV charging infrastructure and support the transition to electric mobility, the Abu Dhabi National Oil Company (ADNOC) and Abu Dhabi National Energy Company (TAQA) have set an ambitious target to install 70,000 EV charge points in the emirate by 2030. UAE⁷.
