The single module 125KW, with a maximum of 500KW PCS unit cabinet, features a modular design for flexible power configuration, and is suitable for extreme temperatures.

As a science & technology innovative company, we are dealing with the R& D, manufacture, distribution and after-sales services of optical network communication equipment, optical fiber cable distribution ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions ...

This solution uses 5 sets of modular outdoor cabinet energy storage system, which supports up to 15 units in parallel. It's an ideal choice for peak-shaving and valley-filling in zero-carbon parks and villa ...

The BESS solution delivers utility-grade energy storage for commercial and industrial applications. The system features modular architecture supporting 250kW to 500kW continuous power output with ...

1. Outdoor Energy Storage Cabinet is a modular, flexible battery system that is easily and cost-effectively scalable from 215kWh to 500kWh. It integrates battery cells, BMS, HVAC, and fire suspension in a ...

*The system capacity ranges from 50kWh to 1MWh+, with power options from 50kW to 500kW. Modular design and parallel expansion capability allow flexible configuration according to ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

This product is a 250kW/520kWh industrial and commercial integrated energy storage cabinet utilizing Lithium Iron Phosphate (LFP) battery cells. It is highly integrated within a ...
