Which wind turbine manufacturers dominate the world?

As the world accelerates its shift toward clean energy, the competition among wind turbine manufacturers is at an all-time high. Leading wind power turbine manufacturers like Vestas (Denmark), Siemens Gamesa (Spain), Goldwind (China), and GE Vernova (France) continue to dominate global markets with massive installed bases and expanding order books.

Who makes wind turbines?

German firms such as ENERCON and Nordex, as well as China's Mingyang Smart Energy and Envision Energy, are also key players shaping the future of wind power. This ranking highlights the top 15 makers of wind turbines worldwide, according to their installed capacity as of October 2025. 1.

Which countries are focusing on solar PV & wind energy?

Leading this charge are India, China, and Japan, with a strong focus on solar PV and wind energy. Wind energy is a rapidly growing renewable electricity source pivotal to the global energy transition. Both onshore and offshore wind farms use arrays of wind turbine generators (WTGs) to generate clean, sustainable power on an ever-increasing scale.

Who are Acciona wind turbines?

Established in 1997, the company has become a prominent player in the wind energy sector, with a strong commitment to sustainability and innovation. Acciona specialises in the design, manufacturing and installation of wind turbines, offering solutions that cater to various market needs.

Including Vestas, NextEra, Suzlon, Adani Green Energy and GE Vernova, this Top 10 runs through the world's leading wind power manufacturers

Chinese renewable-energy equipment leader Windey Energy Technology Group Co., Ltd. ("Windey") made a standout first appearance, showcasing its advanced wind turbines, energy-storage systems ...

Here is the exhibitor list for CWP 2025 (listed in alphabetical order by company name). 3M China Limited. AMETEK COMMERCIAL ENTERPRISE (SHANGHAI) CO., LTD. BEIJING ZHONGTAI ...

West Asia outdoor wind power base station manufacturer

As a world-top wind turbine manufacturer, we are committed to providing integrated wind power solutions, including wind farm sitting, design, and construction; wind turbine equipment ...

In this article, PF Nexus highlights the Top 10 wind companies driving the energy transition in Asia. Asia aims to triple its renewable energy capacity by 2030, necessitating ...

Dongfang Electric Wind Power Co., Ltd. (hereinafter referred to as "DEC Wind") is a specialized wind power integration company under Dongfang Electric Corporation.

V-land International Ltd. is a leading manufacturer, supplier, and factory of off-grid wind power systems in China. Our off-grid wind power systems are designed to provide sustainable and ...

This report lists the top Asia-Pacific Wind Power Equipment companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and ...

West Asia's outdoor energy storage sector is booming as renewable energy adoption accelerates. This article ranks the region's top performers, analyzes market trends, and reveals what makes these ...

Leading wind power turbine manufacturers like Vestas (Denmark), Siemens Gamesa (Spain), Goldwind (China), and GE Vernova (France) continue to dominate global markets with ...
