In the system of the PV grid-connected generation, because of the dispersion of the PV panel, difference of the sun radiation condition and the shadow of a part of the PV panel, they will cause the...

This study proposes a high-precision PV panel segmentation method that combines large-scale model prior knowledge and multimodal information, achieving accurate identification and segmentation of ...

Now, Jinqing Peng and colleagues at Changsha University of Science and Technology and Hunan University in China simulate how rooftop, window, and shading photovoltaics can be ...

Request PDF | On Feb 1, 2026, Terigen Bao and others published Correlation Analysis of Wind Pressure on Tracking Photovoltaic Panels and Development of a Multivariate Joint Probability ...

Junpeng Xiao's 1 research works with 0 citations, including: Experimental and Optimization Study of Photovoltaic Panel Thermal Management Using Serrated Fins and Biomass-Derived Hybrid ...

Xiao Feng Peng was the founder of Suzhou Liouxin Industrial Ltd., founded in 1997, serving as Chief Executive Officer from 1997 to 2006. Mr. Peng was the founder of LDK Solar Co. ...

Xiao Peng works as the Senior Product Manager of ABB with over 10 years working experience in photovoltaic facilities planning and performance analysis.

Xiao Peng's 16 research works with 201 citations and 802 reads, including: Preparation of dye-sensitized solar cells with high photocurrent and photovoltage by using mesoporous titanium...

This paper proposes a UAV photovoltaic panel inspection path planning method based on an improved particle swarm optimization algorithm. The method optimizes node traversal through ...

Enhancing PV panel segmentation in remote sensing images with constraint refinement modules Applied

Xiao Peng Peng Photovoltaic Panel

Energy, 2023 WUSL-SOD: Joint weakly supervised, unsupervised and supervised learning ...
